Basic Talking Points

Our team will provide you with a custom communication strategy once we complete your Implementation Call. While you are waiting, here are some basic talking points to help get employees excited about Decision Doc.

Important: If you plan to include information about Decision Doc in any printed materials (emails, flyers, benefit guides) please make sure to ask us for your custom URL.

- 1. Open Enrollment is coming soon!** As an added benefit to you, we're pleased to share that Decision Doc will be available to all employees. Decision Doc is brought to you by MyHealthMath and Sherpa, completely neutral third parties that can help you learn about our benefit package before choosing what's best for you.
- 2. Decision Doc is an interactive online platform that will help you with your enrollment decisions.** You will go through a series of questions online about your health care needs, finances and family, and then receive personalized recommendations to guide your benefits decisions. Decision Doc will identify the optimal health plan to save you money and provide you with a Protection Score and recommendations on how to improve your overall financial wellness through the benefit package that we offer.
- 3. This is a free, quick, and easy confidential service that we encourage everyone to use.** It can provide peace of mind for those of you that already know which benefits you want to select. If you aren't sure which benefits you're going to choose, Decision Doc can help you decide! You can even share multiple medical scenarios with them to see how each scenario would impact your plan options and Protection Score.
- 4. Keep an eye out for more information about how to get started in the coming weeks!**
